The Congregational Leadership Team, having reflected on what it means to be associated with the Congregation, concluded an International Gathering (involving lay people from every corner of the Union) would be the way to explore development of an International Network of Friends of Nano.

2011 The first **International Gathering of Friends of Nano**, took place in Ballygriffin, Ireland, between Phase One and Two of the Congregational Gathering 2012: *'Awakening to the Mystery of God ... the Mystery of Life'*.

Congregational Leadership Team (CLT) and Unit Leadership Teams (ULT) to encourage their growth and development.

The international Team continued reporting to the CLT. (see First Team: International Coordinating Team)
Every Group and each Unit invited to spend time reflecting on the way forward... Pope Francis declared Nano Nagle Venerable - 31 October - Deo Gracias.

INTERNATIONAL FRIENDS OF NANO GATHERING

Ballygriffin, Cork, 25th June - 2nd July 2011

The CLT wished to encourage development of a framework to link Friends of Nano across the globe: people inspired by Nano's story who are drawn in their own lives to work towards creating a more compassionate, just and sustainable world. Men and women who walk the journey with the Sisters; those who actively participate in living the mission of Nano, such as Associates, Co-workers in Presentation places of mission and others familiar with, and inspired by, Nano's story and the on-going work of the Congregation. Each Unit sent two delegates.

CORE VALUES (these lie at the heart of our movement):

A passion for the poorest (we stand with the poorest in society)

A partnership with the Divine (we attend to God each day and our actions are informed by that commitment)

and a **covenant with creation** (honouring all of creation, we live and promote sustainable lives).

Practical expression is given through Nano's charism:

- **Compassion** for those most in need
- **Commitment** to our aims, perseverance with our work
- **Courage** in the face of setbacks and difficulties
- **Confidence** in Divine providence
- **Creativity** on entering an uncharted course and devising innovative solutions
- In **communion** with our fellow Friends of Nano and others.

FIRST TEAM: INTERNATIONAL COORDINATING TEAM

July 2011 : Two members of the Planning group, with four others (nominated by the International Gathering) formed the International Team. They developed and sent every Unit and Group (after approval by CLT) Guidelines for the Movement. A temporary Logo was adopted and circulated with the prayer. The triple spiral represents the Core Values with Nano's Lantern Flame in the centre to show how her charisma and example inspires us to give life to those values wherever we live. To build strong communication network, each Team member tasked to liaise with their Units and encourage local news for website and Blog. Resources developed - e.g. leaflets for local level meetings addressing an aspect of charisma, or core values. Team invited to continue role until **December 2013**

One proposal: the appointment of a Lay Networker (for three years). Unit Teams to encourage conversations.

After feedback, CLT appointed **International Presentation Lay Movement for Mission** team for two years.

First edition of quarterly Nano's Echo published **Easter 2015**: circulated by IPLMM via the CLT, ULTs, Link Coordinators and Link Sisters.
